ROSSEAU CHALLENGE

Striving to be the best is about going beyond conventional thinking. This orienteering challenge empowers groups to work together to navigate throughout the resort and immediate area to a number of strategically placed checkpoints.

At each checkpoint, teams will have to work together in order to create and implement solutions while building relationships and having FUN!

Communication devices are provided to each team so corporate messages and instructions can be distributed.

Teams will quickly learn to use their strengths and weaknesses of each member to their advantage as they reach their team goals.

This program will include the use of the following strategic points:

- Self Directed Brain Teasers
- Mixology / Beers of the World
- Team Challenges
- Facilitated Initiative Tasks

All ages and abilities are able to participate in this activity

Includes: Facilitated checkpoints, Rules of Engagement, After race debrief

Duration:	1.5 – 2.5 hours
Participants:	Minimum: 12 Maximum: Unlimited
Investment:	from \$90.00 per person + HST (Minimum: \$2,000.00 + HST)

FOOD FROM THE h-ART (Corporate Social Responsibility – CSR)

This event combines creativity, camaraderie and a focus on giving back to the community. This program provides participants with a safe and open environment to learn and practice key process skills such as:

- Problem Solving
- Communicating effectively
- Managing and resolving conflict
- Consensus decision making
- Resource Management

The team is tasked with the challenge of creating a sculpture from items provided in a team package (non-perishable food items). Inspiration for their creations can come from anywhere, perhaps the theme of your meeting or conference, a new product line or even iconic monuments from around the world!

Teams have the option of negotiating for or purchasing any additional items that they may need to complete their build.

After the item has been built, the team will present their construction to the judge(s) and explain their choices. Sculptures will be judged on aesthetics and overall team participation.

Includes: Facilitators, non-perishable food items and all necessary materials

Duration:	1 – 2 hours
Participants:	Minimum: 20 Maximum: 300
Investment:	from \$50.00 per person + HST (Minimum: \$1,500.00 + HST)

TEAM SYNERGY

Team Synergy is an excellent means of helping teams understand the fundamentals of team work. Each simulation provides participants with a safe and open environment to learn and practice key process skills such as:

- Problem Solving
- Communicating effectively
- Managing and resolving conflict
- Consensus decision making
- Resource Management

The team is tasked with the challenge of constructing an item such as a car or boat for example from items provided in a team packages. Teams have the option of negotiating for or purchasing any additional items that they may need to complete their build.

Teams gain a clearer sense of direction, clarify roles and responsibilities, improve operating processes and bolster both interpersonal and inter-team relationships with this program.

After the item has been built, the team will present their construction to the judge(s) and explain their choices. Built items will be judged on aesthetics, marketability, functionality and overall team participation.

Includes: Facilitators and all materials for the build

Duration:	2 – 3 Hours
Participants:	Minimum: 10 Maximum: 300

Participants:	Minimum: 20 Maximum: 200
Investment:	From \$100.00 per person + HST (Minimum \$2,400 + HST)

CORPORATE CHALLENGES

Allow our team to deliver initiative tasks, enabling your organization to focus on key elements that will help to develop a highly effective team. The tasks will require teams to communicate, strategize, collaborate, delegate, lead, respect differences, and pool resources to succeed in reaching a common goal. Groups will learn to motivate one another through positive reinforcement. The challenges will teach individual and team success as it is up to each member of the group to step up to the challenge presented to them.

The challenges can be customized to reflect offsite theme and messaging.

Specific team challenges that work towards strategically achieving your group's pre-determined objectives are incorporated into this event. These challenges will be team based and can range from workplace simulations to truly outrageous activities, with meaningful results.

This fun and exciting program will highlight communication, teamwork and problem-solving skills. A number of indoor initiatives will help build relationships and create trust while encouraging creativity and fun!

Includes: Facilitator and any necessary equipment

Duration:	2-3 hours
Participants:	Minimum: 20 Maximum: 80
Investment:	from \$100.00 per person + HST (Minimum \$2,200.00 + HST)

MISSION POSSIBLE

An event designed to address the competitive nature of teams with a reality show twist! The CEO of your organization has been kidnapped and it is a competition to see which team can find him/her first.

This is an orienteering challenge which empowers team members to work together to navigate across the resort as well as venues in and around the resort to a number of strategically placed and themed checkpoints.

Communication gadgets (not unlike what BOND uses) are provided to each team so secret missions and instructions can be distributed.

Through a series of clues, initiative tasks, which each team will need to find and decipher, teams will discover the information they need to locate the hostage. Strategically placed facilitated checkpoints will ensure teams set goals, make decisions and create solutions while enhancing team relationships by encouraging cooperation, building trust and capitalizing on individual strengths amongst team members.

This program may include the use of the following strategic points:

- Self Directed Brain Teasers
- Mixology
- Team Challenges
- Facilitated Initiative Missions
- And Much More!
